Citizen Paralyzed.

Rufus A. Wilkinson, an elderly and highly esteemed citizen, was stricken with paralysis on Market Street this morning, and was taken at once to the residence of his son-in-law, L. C. This is his second attack.

Mortuary and Birth Record.

The report of the Health Department for the month ending February 25 shows a total of sixty deaths in the city—seventeen among the white and forty-three among the colored population. This is an increase as compared with the several previous months, and a very notable increase especially in the mortality rate among the negroes, due to the prevalence of influenza and pneumonia. Of the decedents, ten were under five years old and four had passed the four-score age. Twelve deaths were certified by the coroner, and eleven bodies were brought to the city and four shipped away for burial.

Among the causes of death were: Tetanus, 2: suicide, 1; homicide, 1: accidents, 2: influenza, 5: pneumonia, 3; organic disease of the heart, 6. Considering the fact that the white population exceeds the colored by several thousand, the mortality rate among the latter is very high.

During the past month seventy-eight births were reported to the Health Department—forty whites and thirty-eight colored—with the sexes about evenly divided.

Invitations have been sent to a number of leading citizens and business

of a modern Y. M. C. A. Home in this

the conference will be taken as to

and it is believed such a home can be
secured.
